Comtran Hires Bob Sudo as Transit Sales Engineer

Attleboro, MA – Comtran, a leading provider of specialty cable and system solutions, is pleased to announce the addition of Bob Sudo as Transit Sales Engineer. His role will be integral as Comtran continues to grow its transit product portfolio.

Sudo comes to Comtran with over 25 years of experience in the rail/transit industry, serving various roles in engineering, project management, and business development. Most recently, he served as Business Development Manager at DEUTA AMERICA. His vast industry knowledge includes signaling, SCADA, data communications, and transit vehicle components.

At Comtran, Sudo will be responsible for cultivating relationships, identifying technical requirements for projects, and developing specification position. Craig Stratton, VP Transit Infrastructure, is excited to welcome Sudo to the sales team. “Bob’s extensive background and prior success are a great match for Comtran. His experience will be instrumental in continuing to strengthen our brand and reputation as a leader in the transit infrastructure market.”

###

About Comtran
